

Statement of Kosher Suitability of Production Equipment

This is to confirm that the ambient temperature, dry powder mixing production line of the company **Brenntag Austria GmbH**, at its plant on **Bahnstraße 13, 2353 Guntramsdorf, Austria**, is suitable for kosher production. Should a customer request additional kosher certified ambient temperature dry powder mixes, we can certify those mixes after reviewing the raw materials and production requirements for those additional mixes.

This certificate is valid until the **25th of Elul 5781 / 31st of August 2021** and will then be subject to renewal.
