

Kostol STMS

Wax No. 529

Kostol STMS is a high performance, O/W cationic emulsifier. STMS represents the next generation of quaternary conditioners for hair care. This gentle emulsifier is also used in skin care with substantial skin deposition and moisturization.

CHEMICAL PROPERTIES

ANALYTICAL TEST	METHOD	SPECIFICATION	UNITS
Dispersion pH	KK 237	5.5-7.0	
Color	Visual	White to Off-White	

FORMULATION GUIDELINES

Kostol STMS can be used in all hair care, wash off and leave on skin care. Koster Keunen has proven results in moisturization and increased foam in surfactant systems. Key attributes in hair care include conditioning, frizz control and ease in combing.
