

DSR-PDS-NA-Hercobond 6363-R3

Hercobond™ 6363 paper performance additive

Product Description

Hercobond™ 6363 paper performance additive is designed to impart superior performance in both alkaline and acid papermaking conditions. The product provides significant improvements in various dry strength properties in many paper and paperboard grades. The product can be easily diluted in line with water prior to addition.

Hercobond 6363 is provided as an 12.0% active solids solution, which should not be stored at elevated temperatures. The material has a shelf life of 6 months.

Product Application

Hercobond 6363 should typically be added at a point where it will be well distributed throughout the aqueous system. Depending on overall system cleanliness, an anionic promoter or charge control polymer may improve the overall cost performance.

Hercobond 6363 should be stored in, and handled with, corrosion-resistant equipment. Ask your Solenis representative for more information.

Hercobond 6363 is to be used in accordance with control procedures Solenis establishes for a specific application.

Benefits

- Easy-to-handle liquid
- Provides high degree of dry strength in the form of internal bond, tensile, mullen, and ring crush
- Cures under neutral pH conditions
- Effective under both acid and alkaline conditions

Packaging

This product is available in a variety of packaging sizes. Your Solenis representative will recommend the appropriate packaging for the application.

Important Information

Typical Properties: Refer to the Safety Data Sheet (SDS).

Regulatory Information: Refer to the SDS or contact your sales representative for any additional regulatory and environmental information.

Safety: Solenis maintains an SDS for all of its products. Use the health and safety information contained in the SDS to develop appropriate product handling procedures to protect your employees and customers.

Our SDS should be read and understood by all of your supervisory personnel and employees before using Solenis products in your facilities.
