Press Release

Mülheim an der Ruhr, July 13, 2010

Brenntag closes acquisition of EAC Industrial Ingredients Ltd. A/S

Brenntag, global market leader in chemical distribution, today completed the acquisition of EAC Industrial Ingredients Ltd. A/S, a long established provider of chemical distribution solutions in South and South East Asia. Selling company was The East Asiatic Company Ltd. A/S. With this step Brenntag acquires EUR 220 million of sales expected for 2010 and significantly expands its market presence and strengthens its strategic position in the growth region Asia Pacific. Having signed the share purchase agreement last Monday July 5, 2010, the transaction has formally been closed within only eight days. A notification for merger control was not necessary.

With this major acquisition in South and South East Asia Brenntag reinforces its growth strategy in Asia Pacific as it provides Brenntag with the capacity to accommodate accelerated growth in the region for the years to come. Brenntag gains access to an established distribution network, to in-depth knowledge of local markets and to relationships with a broad customer and supplier base.

"We are encouraged by the positive reactions from customers and suppliers as well as employees towards this transaction. We are very excited to welcome EAC Industrial Ingredients’ team of highly experienced professionals in the Brenntag family and looking forward to an exciting future together", says Brenntag’s COO Steven Holland.

Brenntag will now commence a seamless and efficient integration process based on its successful experience gained while completing more than 20 acquisitions during the last three years alone.

Independent from this major acquisition, Brenntag will further continue its long-term growth strategy, including its quest of additional smaller acquisitions as previously communicated.
About Brenntag:
Brenntag is the global market leader in full-line chemical distribution. Linking
chemical manufacturers and chemical users, Brenntag provides business-to-
business distribution solutions for industrial and specialty chemicals globally.
With over 10,000 products and a vast supplier base, Brenntag offers one-stop
shop solutions to more than 150,000 customers. The value-added services
include just-in-time delivery, product mixing, formulation, repackaging, inventory
management, drum return handling as well as extensive technical support.
Headquartered in Mülheim an der Ruhr, Germany, Brenntag operates a global
network with more than 400 locations in more than 60 countries. In 2009 the
company realized global sales of EUR 6.4 billion (USD 8.9 billion) with
approximately 11,000 people.
