Brenntag opens new service and application center in Taiwan

Brenntag, the global market leader in chemical distribution, has opened a new service and application center in Shenkeng, Taiwan, close to its existing office in Taipei. The new facility includes application laboratories for Food & Beverage and Personal Care. In addition, it offers space for storage and handling of products as well as a fragrance library and small offices.

“The service and application center offers us the possibility to do testing, mixing and blending as well as storing and repackaging of different ingredients. Furthermore, this new investment shows our commitment to the region and the aim to develop the business and services for our customers and suppliers further” says Flemming Soederquist, Managing Director Brenntag Taiwan.

The facility in Taiwan is the newest addition to the network of application laboratories in Asia Pacific. Last year the new food & beverage laboratory in Melbourne, Australia was completed. This extensive network enables Brenntag in Asia Pacific to offer customers and suppliers an excellent service across the whole region.

About Brenntag:

Brenntag is the global market leader in full-line chemical distribution. Linking chemical manufacturers and chemical users, Brenntag provides business-to-business distribution solutions for industrial and specialty chemicals globally. With over 10,000 products and a world-class supplier base, Brenntag offers one-stop-shop solutions to more than 170,000 customers. The value-added services include just-in-time delivery, product mixing, formulation, repackaging, inventory management, drum return handling as well as extensive technical support. Headquartered in Mülheim an der Ruhr, Germany, the company operates a global network with more than 450 locations in over 70 countries. In 2012 the company realized global sales of EUR 9.7 billion (USD 12.5 billion) with nearly 13,000 employees.
