METAL SURFACE TREATMENT UK & IRELAND

Product List

BRENNTAG METAL SURFACE TREATMENT OFFERS A COMPREHENSIVE RANGE OF BOTH INDUSTRIAL AND SPECIALTY PRODUCTS FROM MARKET-LEADING SUPPLIERS.

Whether our customers are in the market for general aqueous or solvent cleaners, shotblasting media or specialised aerospace approved products Brenntag are working hard to build a broad line-up of products which can cover all customer needs.

We work closely with our customers to find out their requirements in order to provide creative, tailor-made solutions. Our technical sales personnel work in close collaboration with our principals to provide product guidance.

We can offer extensive support to our customers through keeping ahead of emerging developments in the market as well as being aware and responsive to new regulatory demands.
