# BRENNTAG PET FOOD

INGREDIENTS FOR DRY/WET  
FOOD PRODUCTION AND  
TREATS/SNACKS

## **HUMANISATION OF PET FOOD MARKET: CHALLENGES AND OPPORTUNITIES FOR FOOD MANUFACTURERS**

The quality of ingredients used in pet food products have never been greater, whilst addressing the key market trends present certain formulation challenges for pet food manufacturers.

We understand the importance to ensure a nutritionally complete and balanced diet for domesticated animals. Brenntag Animal Nutrition team provides technical support as well as access to the wide range of vital ingredients to make your pet food product range a success.

Please see overleaf for a representation of our products and application areas.
