WATER TREATMENT

KEY FACTS

- Comprehensive UK and Ireland infrastructure
- Water Treatment dedicated team throughout the UK and Ireland
- Technical advice and support, including on-site visits
- Dedicated water treatment laboratory
- Advice on legislation such as REACh and the Biocidal Products Regulation
- Manufacturing capabilities for key disinfection products
- Comprehensive product portfolio
- Patented Chlorine Dioxide solution
- Products from leading global manufacturers
- Worldwide sourcing capabilities through our Global Sourcing Organisation

Please see overleaf for a representation of our products and application areas.

BRENTAG WATER TREATMENT UNDERSTANDS THE IMPORTANCE OF ENSURING THAT COMPANIES ENGAGED IN TREATING WATER DO SO WITH THE MOST SOPHISTICATED AND HIGHEST QUALITY PRODUCTS ON THE MARKET.

We are the supplier of choice for many companies within the industry and provide a comprehensive range of products and services which are essential for all areas and stages of water treatment.

Customers who choose Brenntag gain access to a team of dedicated water treatment experts with years of experience and an in-depth knowledge of every aspect of the water treatment process and our entire product range. They will respond quickly to any queries, remain in close contact with you to monitor improvements in technical performance and conduct on-site visits or laboratory tests to ensure you get the most out of your products.

Disinfectants

- Bromine
- Bromine Granules
- Bromine Tablets
- Bromosol
- Calcium Hypochlorite
- Chlorine Dioxide
- Chlorine Gas
- Chlorine Granules / Tablets
- Chlorine Shock Granules
- Chlorine Tablets
- Clorious2 – Stable Chlorine Dioxide
- Constant Chlor***
- DBNPA 20%
- Hydrogen Peroxide
- Multifunctional Granules / Tablets
- Non-chlorine Shock
- Potassium Permanganate
- Silver Stabilised Hydrogen Peroxide
- Sodium Bromate
- Sodium Bromide
- Sodium Chlorite
- Sodium Hypochlorite
- Sodium Metabisulphite
- Sodium Permanganate
- Sodium Thiosulphate
- Stabilised Chlorine Granules
- Ultra Low Bromate Sodium Hypochlorite

Boiler Treatment

- Acumer Range of Antiscalants**
- Corrosion Inhibitors
- Sodium Carbonate
- Sodium Chloride

Recreational Water

- Sanitisers
- Flocculants & Clarifiers
- Algaecides
- Spa Products
- Water Balancers
- Champion Retail Range
- Non-stabilised Chlorine
- Pool & Spa Cleaning Products

Coagulants & Flocculants

- Aluminium Chloride
- Aluminium Sulphate
- Ammonium Sulphate
- Ferric Chloride
- Ferric Hydroxide
- Ferric Sulphate
- Ferrous Chloride
- Ferrous Sulphate
- Filter Floc Tablets
- Flocculants (Solid / Liquid / Emulsion / Polymers / Anionic or Cationic / Poly DADMAC)
- Magnafloc* LT Range of Coagulants
- Organic Flocculant
- Polyaluminium Chloride (High Basicity, Polyaluminium Chloride Sulphate, Aluminium Nitrate Sulphate, Blends)
- Zetag* Range of Flocculants

Effluent & Odour Control

- Activated Carbon
- Antifoam / Defoamer
- Burst* Range of Antifoams
- Bacterial Treatment
- Calcium Nitrate
- Clorious2 – Stable Chlorine Dioxide
- Ferric Nitrate
- Freefoam
- Heavy Metal Remover
- Nutrients
 - N+P
 - Carbon Source
 - Trace Elements
- Sodium Chlorite
- Sodium Nitrate

Anaerobic Digestion

- Activated Carbon
- Antifoam
- Antiprex* Range of Antiscalants
- Ferric Salts (Iron)
- Magnafloc* LT Range of Coagulants
- Nutrients
- Zetag* Range of Flocculants

pH Correction

- Ammonium Sulphate
- Aqualime
- Calcium Chloride Flake
- Calcium Hydroxide
- Caustic Soda Liquor
- Caustic Soda Pearl
- Cyanuric Acid
- Hydrochloric Acid
- Lime Solutions
- Magnesium Chloride
- Magnesium Hydroxide
- Sodium Bicarbonate
- Sodium Bisulphate
- Sodium Carbonate
- Sodium Thiosulphate
- Sulphuric Acid

Water Softening & Pre-treatment

- Activated Carbon
- Antiprex* Range of Antiscalants
- Aquasol
- Clorious2 - Stable Chlorine Dioxide
- Filter Media
- Ion Exchange Resin
- Potassium Chloride
- Sodium Carbonate
- Sodium Chloride
